To Whom It May Concern

My mother is on a fixed income. Now you want to add a 100% increase to her water bill.

Most people in Topock area are retired people, been here for years. My mother been here 25 years. What is she going to do and everybody here?

They will hardly live, here. Start eating cat food and have less life have now.

People work hard for nothing. Water Company here has small group of people who works for them. It's privably own and they get 100% increase in there income, there something wrong with this picture.

Yes everything goes up but 100% get real, there income doesn't go up 100% so the water company shouldn't go up.

Sincerely Lawrence Larsche
